

## AMENDMENTS

1. – 49. Cancelled.

50. (Currently Amended) A mobile workstation, comprising:  
a moveable chassis;

a tray supported by the chassis and having an upper surface defining a substantially horizontal work surface and a lower surface comprising an input device tray proximate to the lower surface; and

a docking station for a computing device supported by the tray,  
wherein the docking station is tiltable relative to the upper surface of the tray.

51. (Cancelled) The mobile workstation of Claim 50, wherein the tray has a lower surface, further comprising:

an input device tray proximate to the lower surface of the tray.

52. (Currently Amended) The mobile workstation of Claim ~~51~~50, wherein the input device tray is a pull-out tray.

53. (Currently Amended) The mobile workstation of Claim ~~51~~50, wherein the input device tray is an adjustable tray.

54. (Currently Amended) The mobile workstation of Claim ~~51~~50, wherein the input device tray is a height adjustable tray.

55. (Previously presented) The mobile workstation of Claim 50, further comprising:  
a power unit supported by the chassis for supplying power to the computing device.

56. (Previously presented) The mobile workstation of Claim 50, further comprising a monitoring device, the monitoring device supported about the moveable chassis.

57. (Previously presented) The mobile workstation of Claim 50, further comprising a medical device, the medical device supported about the moveable chassis.

58 – 59. Cancelled.

60. (Previously presented) The mobile workstation of Claim 50, further comprising a tiltable display, wherein the tiltable display is used to view medical images.

61 – 62. Cancelled.
